

- ***GPM is more than partnership agreements between space agencies, what will make it a success is the people, hence these international planning meetings are crucial – Thank you for participating!!***
- ***Very successful meeting***
 - *AEB and CNRS/ISRO presence/interest is encouraging*
 - *Numerous follow-up actions*
- ***TRMM needs to be extended through NASA Senior Review process***
- ***GPM momentum towards timely launch needs to be sustained***
- ***NRC Decadal Survey input will be very important***
- ***We welcome increased European participation in all areas of GPM***
- ***We plan to announce dates/location of 7th GPM Workshop by Spring***

- ***We seek your views on the workshop too!!***
